Leda Wall Sconce By Corbett Lighting

Description

An alabaster diffuser wrapped in a Vintage Brass framework gives this design its luxurious architectural aesthetic in the Leda Wall Sconce. The straight lines of the metalwork create a modern, column-like framing that feels both nostalgic and new. An LED illuminates the alabaster from within filling the entire piece with a soft glow. Dimmable via electronic low voltage (ELV) or Triac dimming.

Shown in vintage brass / alabaster
