Bridge Table Lamp

By Foscarini

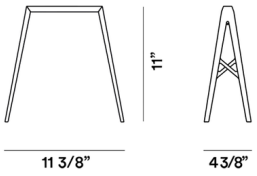

CE

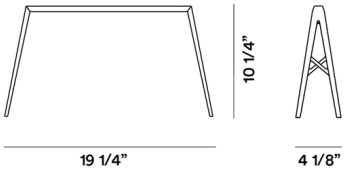

Description

The Bridge Lamp represents sculptural simplicity driven by design. This visually striking luminous bridge has no joints, formed out of a single sheet of metal cut by lasers and folded into shape. LED light is emitted from the top bar and shines downward, providing ambient lighting for a bedroom or living room. A simple wave of the hand triggers an optical sensor at the center to turn the light on and off. The Dark Red version is made of steel treated with a liquid finish, while the Brass is made of brass that has been polished and coated with enamel to prevent tarnishing.

Shown in dark red

Specifications

COLOR	N/A
BODY FINISH	Dark Red
WATTAGE	3.4W
DIMMER	N/A
DIMENSIONS	11.375"W x 11"H x 4.375"D
