Phix Linear Chandelier

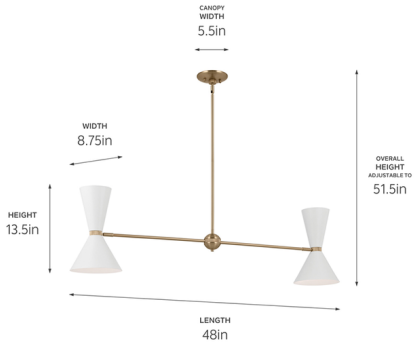

By Kichler

Description

The Phix Linear Chandelier offers a simple, contemporary aesthetic inspired by midcentury silhouettes. Cone-shaped shades are set on either end of a minimal frame, emitting light both upwards and downwards to provide direct and indirect illumination. The narrow and wide shades can be installed in the up or down positions and they also pivot, allowing you to change the look of the chandelier and adjust light direction.

Shown in champagne bronze / white
