Plat Color Select Pendant

By LedsC4

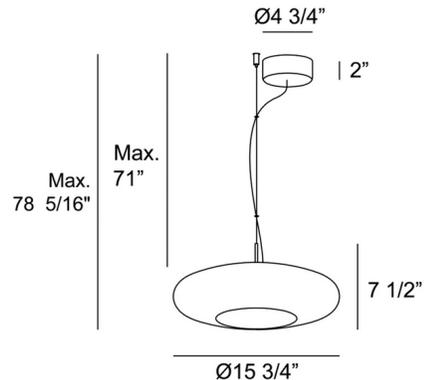

Description

The Plat Pendant is understated yet catches the eye, exhibiting elegance in its simplicity. Its traditionally blown tinted glass shade adds a delicate splash of color to your space while letting a glow of LED light shine through. Create an ambiance of refinement by suspending the Plat over restaurant tables, or elevate your living room with artistic flair by clustering several pendants together. Color temperature can be set to 2700K, 3000K, or 4000K using a switch in the fixture. Dimmable with a TRIAC, ELV, or 0-10V dimmer.

Shown in black / green
