Dont F**k With The Mouse Armchair

By Qeeboo

Description

Originally created in 1988, the Dont F**k With the Mouse Armchair is one of designer Ron Arad's most iconic designs. The chair's dual backrests sit at an angle to each other to create a comfortable nook to settle into and create a unique silhouette reminiscent of a mouse's ears that will make a statement in any space. Its durable polyethylene construction is recyclable and suitable for both indoor and outdoor use.
