Fallen Chandelier Portable Floor Lamp

By Qeeboo

CE

Description

The Fallen Chandelier Portable Floor Lamp features a traditional chandelier silhouette with a modern twist. Rather than being suspended from the ceiling, this lamp is designed to rest on the floor at an angle for a quirky, off-kilter look. The built in LED light sources are housed within conical translucent diffusers and powered by a rechargeable battery, allowing the Fallen Chandelier to be placed wherever its light is need. An included remote control adjusts the brightness and selects the color of the light to 2700K white or 15 RGB colors. Includes USB charging cord (requires US wall plug, not included).

Shown in black

Specifications
