Rabbit LED Portable Lamp

By Qeeboo

Description

The Rabbit LED Portable Lamp has immediately become a pop icon, a symbol of love and fertility, which brings good luck and good wishes. The rabbit-shaped silhouette of the lamp will add a playful, contemporary edge to your home. The 20.9 inch and 31.5 inch sizes may also be used as chairs, with the rabbit's ears serving as a backrest. Rabbit is crafted from translucent white polyethylene and houses an integrated LED light source with a rechargeable battery to provide illumination in addition to its use as a furniture piece. A remote control is included to adjust the brightness and select from white or 15 different colors of light. Includes USB charging cord (US wall plug is required, but not included). The 20.9 and 31.5 inch sizes are suitable for outdoor use, while 8.9 inch size is intended only for indoor use.
