## Giogali Square Ceiling Light

By Vistosi

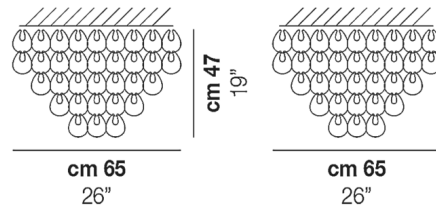

### Description

Originally conceived in 1967 by Angelo Mangiarotti, the Giogali Ceiling Light derives both its name and shape from the Italian word *giogher*, referring to the rope used to tie a horse or ox-driven cart to the yoke. The fixture is composed of a multitude of small, rope-like crystal hooks, which are linked together to form a net of glistening glass. The crystal is draped around the light's frame, obscuring the light source and creating a gleaming cascade of light. With its delicate and glamorous aesthetic, Giogali will enhance any interior with an elegant sparkle.

Shown in matte bronze / gold

### Specifications
