Minigiogali Table Lamp By Vistosi

Description

Originally conceived in 1967 by Angelo Mangiarotti, the Minigiogali Table Lamp derives both its name and shape from the Italian word giongher, referring to the rope used to tie a horse or ox-driven cart to the yoke. The lampshade is composed of a multitude of small, rope-like crystal hooks, which are linked together to form a net of glistening glass. The crystal is supported by a sleek metal stem to create a gleaming cascade of light. With its delicate and glamorous aesthetic, Giogali will enhance any interior with an elegant sparkle. On/off switch located on cord.
