## Vega Wall Light

By Vistosi

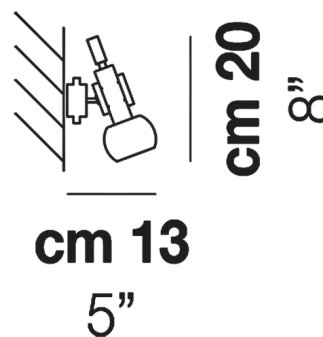

### Description

Originally introduced as a table lamp in 1982, the Vega Wall Light is an updated take on Michele De Lucchi's iconic post-modernist design. De Lucchi was a key figure in the Memphis design movement, and Vega showcases the hallmarks of the Memphis style with its use of simple geometric forms and bold, contrasting colors. The sconce's articulated head is capped by a translucent glass globe shade and can be aimed to direct light precisely where it is needed.
