Vega Floor Lamp

By Vistosi

Description

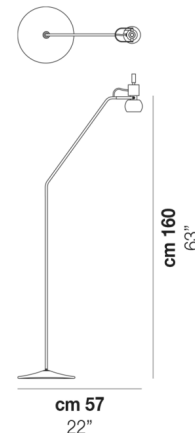

Originally introduced as a table lamp in 1982, the Vega Floor Lamp is an updated take on Michele De Lucchi's iconic post-modernist design. De Lucchi was a key figure in the Memphis design movement, and Vega showcases the hallmarks of the Memphis style with its use of simple geometric forms and bold, contrasting colors. The lamp's articulated head is capped by a translucent glass globe shade and can be aimed to direct light precisely where it is needed. On/off switch located on cord.

Specifications
