Tessa Wall Sconce By Golden Lighting

Description

Tessa is a modern one-light sconce with a mid-century style. Not just a sconce, the free-form glass mirror backplate is highly reflective. Its mirrored surface spreads ambient and natural light throughout a room. For an artistic display, use two fixtures to flank a piece of art or a large mirror. Hang the asymmetrical accent with the straight edge on the left or right. The backplate's smooth, matte black frame coordinates with existing decor.
