Bonta Portable Table Lamp

By Artemide

Description

The Bonta Portable Table Lamp interacts with objects on the table, fostering a special dialogue between light and food and blurring the boundaries between them. Its white milk glass body diffuses light and creates a relaxed atmosphere, while a Venetian glass bowl that sits on top holds food for sharing. The bowl and lamp body are hand-worked, making them unique pieces displaying beautiful transparency and diamond-patterned texture. A switch on the bottom sets brightness level at 25%, 50% or 100%. The lamp is rechargeable through a USB Type C port. On a full charge, it lasts for 8 hours at the highest brightness level.

Specifications

COLOR Red
BODY FINISH White
WATTAGE 2.4W
DIMMER Included
DIMENSIONS 10.24"W x 8.43"H
INTEGRATED LED MODULE 1 x LED/2.4W/5V LED
