## Una Smart Ceiling Fan with Light By Hinkley Lighting

## Description

The Una Smart Ceiling Fan with Light embodies Scandinavian design with its clean form and functionality. Long tapered blades paired with a rounded diffuser create a simple, modern profile. Its quiet, energy-efficient DC motor delivers refreshing airflow for comfortable enjoyment of any indoor or covered outdoor setting. A convenient wireless HIRO control is included. It incorporates WiFi and RF technology, and enables motor on/off, 6 speeds, forward and reverse, and light on/off with warm dimming from 3000K to warmer. It can be wallmounted or hand-held. A face plate and cradles are included, and the remote fits in standard decorative style face plates as well. A manual on/off switch is also included. The fan can also be controlled through your smart device using the Hinkley app. In addition to the basic functions, the app has timers, breeze mode and other advanced features, and links the fan to smart home systems including Google, Amazon Alexa, and Siri. A cap for no-light use and other optional accessories are sold separately.
