Across Pendant

By Luceplan

Description

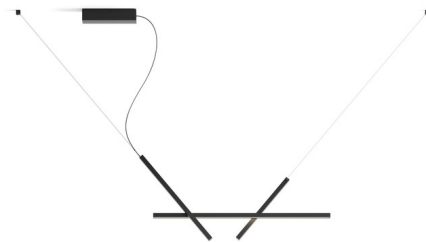

The Across Linear Suspension is a versatile and dynamic lamp, ready to personalize any space. The Across features interconnected axis to create a variety of compositions and levels of complexity. The structure is formed by a horizontal extruded body that contains optical for direct lighting, and two hinged elements that make it possible to attach the lamp to the floor or the ceiling. The lamp's adaptability gives rise to various configurations to respond to different technical and stylistic needs. Includes power supply inside canopy. Dimmable with Trailing Edge and ELV dimmers. Note: Canopy covers a standard US junction box.
