Koine Acoustic Pendant By Luceplan

Description

Elegance and purity in form characterize the Koine family of pendant lights, named for its meaning of 'shared language' and for its shapes which make it extremely versatile. Aluminum structure with recycled acoustic felt and the light source features a specially designed mineral lens. The light beam distributed by the lens is homogenous and distinct, a broad cone of light with clearly-defined edges. Note: 120V: Leading and trailing edge dimming; 120-277V: 0-10V dimming.

Specifications
