DESCRIPTION

Elegance and purity in form characterize the Koine family of pendant lights, named for its meaning of 'shared language' and for its shapes which make it extremely versatile. Aluminum structure in Matte Black and the light source features a specially designed mineral lens. The light beam distributed by the lens is homogenous and distinct, a broad cone of light with clearly-defined edges. Note: 7.8 inch option dimmable with Triac and ELV only. All other options: Phase cut dimming at 120V. 0-10V dimming at 277V.
