Calamaio Table Lamp

By Oluce Srl

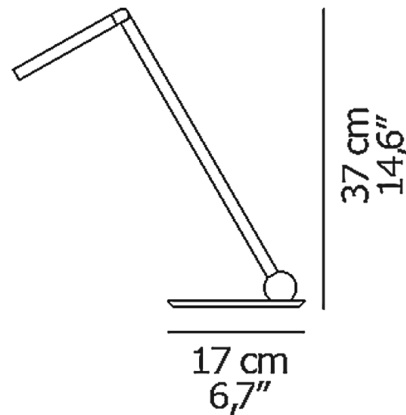

Description

The Calamaio Table Lamp takes both its shape and name from calamaio, the Italian word for inkwell. The lamp's body is composed of two slender cylinders attached by a hinge that allows the light source to be angled up and down. A spherical joint links the stem to lamp's round base and allows it to swivel from side to side. On/off switch located on cord.

Shown in satin black nickel
