Tulum Outdoor Wifi Fandelight

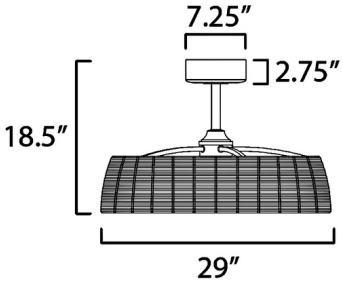

By Maxim Lighting

Description

The Tulum Outdoor Fandelight is shaped into a sloping drum shade with an internal fan and LED light source within them. The contrasting Dark Bronze finish of the metalwork encases an LED ring toward the bottom edge of the shade allowing for a strobe-free light effect directed downward. The surface coatings are rated for outdoor applications so the rattan and the metalwork are purposefully designed for outdoor spaces under covered roofs. Features a DC motor, 6 speed fan with reverse function. Wall remote included. Connect to Wifi for smart enabled function. White Tunable LED transitions from warm 2700K to Daylight White. Includes one 8 inch downrod.

Shown in dark bronze / natural rattan
