Noren Linear Pendant

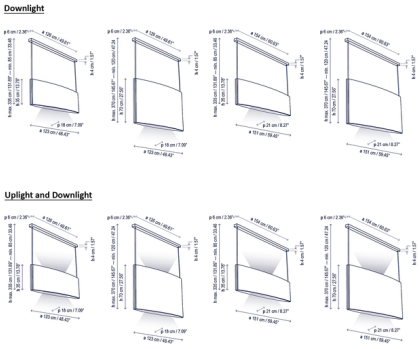

By Bover

Description

The Noren Linear Pendant draws inspiration from the traditional Japanese fabric dividers hung in doorways and windows or between rooms. Constructed out of Basotect sound-absorbing foam panels covered in fire-resistant fabric, these lightweight, decorative fixtures showcase a blend of elegance and functionality. They are designated as acoustic absorption class A, and built-in integrated LEDs emit soft ambient illumination. Choose either a downlight or both an uplight and downlight. By suspending multiple Noren pendants together, you can create a captivating and artistic arrangement that manages light and sound and defines your space. Available in four sizes (in inches): 48.48W x 13.78H (model S/123), 48.43W x 27.56H (S/123.2), 59.45W x 13.78H (S/151), and 59.45W x 27.56H (S/151.2). Notes: Requires a 2 x 4 inch junction box. The 59.45 inch length pendants require a junction box rated for fixtures weighing over 50 pounds.

Shown in black / dark grey

Specifications

COLOR	Dark Grey
BODY FINISH	Black
