Noren Circle Pendant

By Bover

Description

The Noren Circle Pendant is named for the traditional Japanese fabric dividers hung in doorways and windows or between rooms. Like their namesake, these lightweight decorative fixtures are elegant in their simplicity and functionality. They are made of Basotect sound-absorbing foam panels covered in fire-resistant fabric, designated as acoustic absorption class A. Additionally, they provide soft ambient illumination with their integrated LEDs (downlight, or both an uplight and downlight). By suspending multiple Noren pendants together, you can create a dramatic, sculptural installation that manages light and sound while artistically defining your space. Available in two diameters: 33.46 inches (model S/85) and 39.37 inches (S/100). Note: Requires a 2 x 4 inch junction box rated for fixtures weighing over 50 pounds.

Specifications

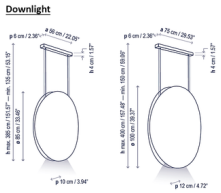

COLOR	Terracotta
BODY FINISH	Black
WATTAGE	14.4W
DIMMER	0-10V
DIMENSIONS	33.46"W x 33.46"H x 3.94"D
