Plafonet Integrated LED Ceiling Light

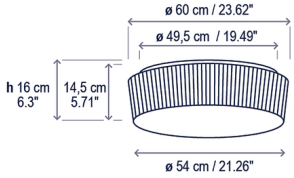

By Bover

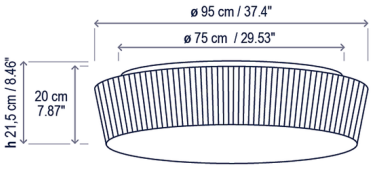

Description

The Plafonet Ceiling Light offers a harmonious aesthetic, combining a gracefully tapered design with the option of ribbon wrapping or white cotton fabric. Place the Plafonet in entrances or corridors to infuse a touch of elegance and sophistication. The shade and a diffuser soften the light, providing comfortable ambient lighting. The diffuser is glass for the 23.62 inch light, and methacrylate for the 37.4 inch light. The 120V option is TRIAC dimmable, and the 120-277V works with a 0-10V dimmer. Available in two diameters: 23.62 inches (Plafonet 60) and 37.5 inches (Plafonet 95).

Shown in chrome / white translucent ribbon
