## DESCRIPTION

With its stunning ring design, the Roda Wall / Ceiling Light exudes weightlessness despite its large size. Its aluminum frame is carefully wrapped in ribbon to create an elegant, textured look. LED light from inside the ring is diffused through the ribbon, providing soft, uniform illumination. The Roda offers modern appeal and beautiful texture that elevates your space. Spacer tubes in two sizes are included, providing two options for the distance between the fixture and surface. This allows rings to overlap in multi-fixture installations. The cover plate of the canopy can be painted to coordinate with your space.
