Axis RGBIC+CCT Smart Table Lamp

By DALS Lighting

Description

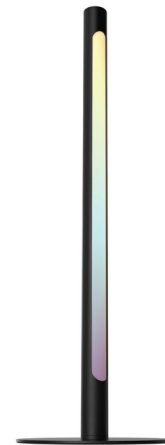

With its ultra-slender aluminum build, the Axis Smart Table Lamp presents a sleek, modern aesthetic suitable for any contemporary setting. It delivers excellent color rendering, offering pure whites tunable to 2700K - 6500K and a full RGB color spectrum. Using WiFi technology, full control is at your fingertips through the DALS Connect app where you can adjust dimming, light color, create groups, and set schedules. Individual segments of the light can be controlled to create the exact lighting desired, or you can create gradients or choose from a selection of smooth animations to set the mood. The app also enables connection with Google Assistant and Amazon Alexa. There is also an on/off switch on the cord for added convenience.
