Beacon Color-Select Outdoor Path Light 12V

By DALS Lighting

Description

A minimal light that creates a big impact, the Beacon Outdoor Path Light is perfect for illuminating garden beds, walkways, or driveways with a gentle glow emitted through a frosted lens. Features switch selectable color temperature adjustable to 2200K, 2700K, 3000K, 3500K, or 4000K using a button on the fixture. This low voltage LED fixture is made of powder-coated solid cast aluminum, ensuring durability. It can be pushed into the ground using the included plastic ground stake, or mounted to wood or concrete (screws not included). NOTE: A low voltage transformer is required, sold separately.
