Boulevard Color-Select Linear Pendant By DALI Lighting

Description

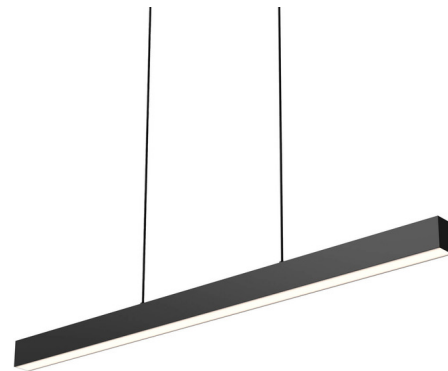

The Boulevard Color Select Pendant adds a sleek, modern touch to any space, whether suspended over a kitchen island or a conference room table. It casts diffused LED light upwards (12%) and downwards (88%) through frosted polycarbonate lenses, filling your space with pleasant ambient illumination. Color temperature (CCT) can be set to 2700K, 3000K, 3500K, 4000K, or 5000K using a switch in the canopy. The aluminum housing is durable and serves as a highly effective heat sink. Multiple fixtures can be interconnected to produce striking lines of light over larger areas. The 120V option is TRIAC dimmable. The 120V/277V/347V option is 0-10V dimmable. Dimming ranges from 10% to 100%. NOTE: 120/277/347V available in Black finish only.

Specifications
