Kayu RGB+CCT Smart Rock Light Pro

By DALS Lighting

Description

Sprinkle your landscape with subtle touches of light. The Kayu Smart Rock Light is a harmonious, organically shaped light that creates a welcoming atmosphere in your outdoor lounge or garden. It can be tuned to 2200K - 4000K pure white temperatures, and also delivers excellent color rendering in a full RGB color spectrum. This DALS Connect Pro (DCP) series light incorporates Bluetooth mesh technology and can be controlled using the DALS Connect app. The app offers basic functions such as dimming, as well as group creation and scheduling. The app also enables remote access and connection with Google Assistant and Amazon Alexa if a Core smart transformer is used. A 6 inch metal ground stake, 6 inch T-connector, and 6 ft extension cable are included. Note: A transformer is required, sold separately.
