36W 24VDC Dals Connect Pro Plug-In Driver By DALS Lighting

Description

Effortlessly power your smart outdoor lighting system with the 36W 24 Volt Plug-In Driver, designed specifically for low-voltage landscape lighting. Delivering a steady 24VDC output, this compact driver is ideal for powering smart landscape fixtures with consistent performance and minimal installation effort. With its plug-and-play design, setup is quick and convenient, no wiring required. Simply connect to your smart-compatible landscape lights and enjoy reliable power and seamless integration with your lighting control system. Housed in a durable, weather-resistant enclosure, this driver is built to handle outdoor environments while maintaining optimal performance.
