Poudrier Wall Light

By DCWEditions

Description

The Poudrier Wall Light features a unique shape inspired by the form of a powder case or precious box. The fixture houses an integrated LED light source beneath a ridged glass diffuser. The metal lid reflects light off its mirrored surface, and it can be opened or closed to allow more light to escape. While it was originally designed for use in the bathroom, Poudrier will make a stylish accent in a foyer or hallway as well. Non-dimmable.
