Mantis Desk

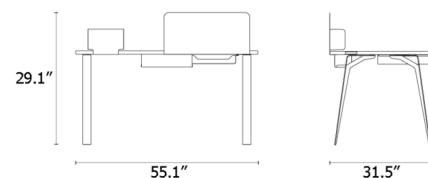

By Case

Description

While creating the Mantis Desk, designer Samuel Wilkinson envisioned a desk with a clean, minimal aesthetic that would fit in a compact home environment. Mantis features a solid wood tabletop supported by powder-coated steel legs and accented by removeable functional accessories, including a small drawer, a storage tray for cables, and a steel back panel. Use Mantis in a home office, or place a pair back to back in an open office space.

Shown in white / walnut

Specifications
