## Solid Table Lamp

By Case

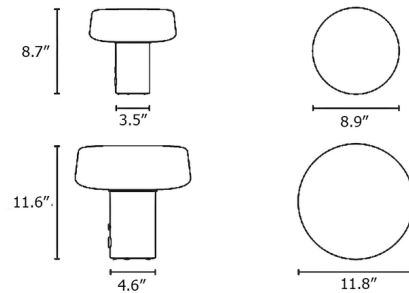

### Description

The Solid Table Lamp offers a clean-lined design with a modern expression perfect for a variety of interiors. The cylindrical marble base is capped with a rounded opal glass diffuser with an acid-etched interior to produce a soft, diffused glow. A four-stage (100% / 60% / 20% / Off) dimmer switch is located on the base of the lamp. The color and veining of the marble base may differ due to natural variations in the material.

Shown in serpentine marble / opal
