Tanso Sofa

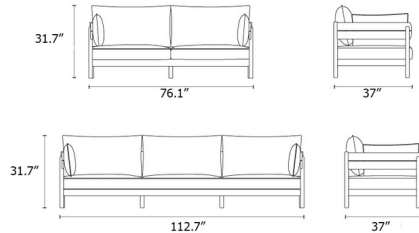

By Case

Description

The Tanso Sofa is suitable for both outdoor and indoor use, with durable teak wood construction to withstand the elements and an elegant aesthetic that would feel at home indoors as well. Tanso's refined lines are inspired by the simplicity of Japanese furniture, and it will surely elevate any outdoor space with understated grace. Comfortable seat and back cushions are upholstered in a weather-resistant outdoor fabric to provide a relaxed spot for alfresco lounging. Teak is a natural material that will gradually patina from a golden color to a silver-grey as it is exposed to weather and sunlight. Regular cleanings with warm water and mild detergent will help to retain the original golden color. Assembly Required.

Shown in teak / light grey
