Peona Kelo Drum Table Lamp By Simone & Marcel

Description

The Peona Kelo Drum Table Lamp experiments with harmony and contrast through the repetition of spherical lines in different materials. The lamp's base consists of a cylinder in wood, marble, or alabaster with a rounded top. A brass hemisphere rests between the base and the shade to add a contrasting element while echoing the curve of the base. The cotton drum shade provides soft, diffused illumination, the base nestles into a removeable wooden foot to provide additional height if needed. On/off switch located on cord.

Shown in walnut / ecru cotton
