Precision Wall Sconce By Visual Comfort Signature

Description

Inspired by architecture, the Precision Bathroom Vanity Light explores the interplay of light and form. Light shines out of a white glass tube diffuser, providing a layer of soft ambient lighting for a hallway, bathroom or living room. Behind the glass is a perforated metal support that offers chic modern appeal, set on a simple rectangular backplate for an overall polished look. Note: Fixture does not cover a standard US junction box and requires a 2 x 4 inch junction box.

Shown in bronze / white
