Strada Ring Chandelier

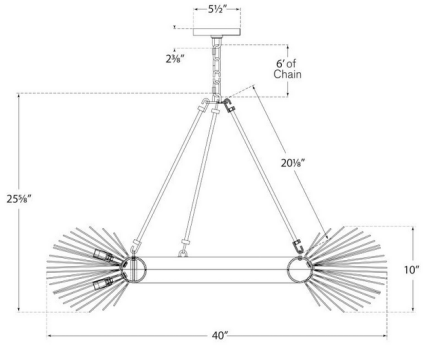

By Visual Comfort Signature

Description

Paying homage to vibrant organic forms and sleek metal, the Strada Ring Chandelier is a delicate sculpture of radiating metal quills. Lights shining from within the quills cast a striated glow, creating a dynamic play of light and shadows. This piece makes a striking modern design statement in any space, whether placed in an entryway, dining room, or living room. Note: Due to the weight of this fixture, additional ceiling support is required.
