Osiris Chandelier

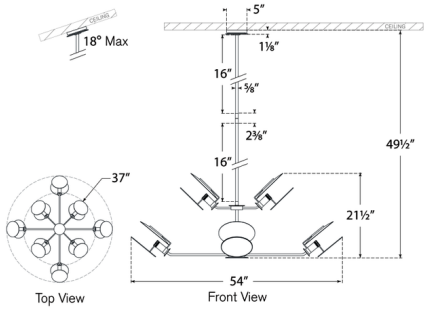

By Visual Comfort Signature

Description

The distinctive Osiris Chandelier draws attention with its layered circles design, offering a bold geometric statement for a foyer or living room. Each bulb is positioned between a metal disc and a linen diffuser disc, creating a blend of reflected, direct and diffused light to illuminate your space. For a more industrial look, try styling the fixture without the linen diffusers. Note: Custom overall heights are available. For quotes, please contact our sales team.

Shown in polished nickel / linen
