Versa Table Lamp By Visual Comfort Signature

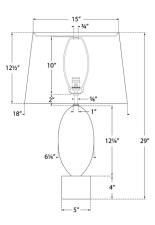

Description

The Versa Table Lamp is defined by balance and simplicity. Inspired by the sculptor Constantin Brancusi, this lamp, crafted out of natural alabaster, carefully balances an oval body over a solid cube base. A generously sized linen shade completes the composition and glows warmly as the light shines through. Whether placed in a living room, bedroom or hallway, the Versa elevates your space with its distinctive modern character. Note: Alabaster is a natural stone, and variations in color and texture are expected and make each piece unique.
