Ophelion Pendant

By Visual Comfort Signature

Description

The Ophelion Pendant is a modern celebration of faceted geometry enhanced by the beauty of natural alabaster stone. Warm LED lighting highlights the veining and color variations of the alabaster, lending an organic touch to your space. This pendant works well individually or in multiples to enhance any contemporary setting. TRIAC dimmable. Notes: Due to its weight, the 13.5 inch wide fixture requires additional ceiling support. For the 6 inch wide fixture, the included driver must be installed in the canopy or in a remote location.
