Malik Chandelier

By Visual Comfort Signature

Description

Add a distinctive modern touch to any space with the Malik Chandelier. Crystal or alabaster blocks are set within a metal frame and highlighted by integrated LED lights. The alabaster is a natural stone which may vary in color and texture. This chandelier serves as a contemporary focal point for your room while casting a layer of warm ambient lighting. Notes: The 24 inch diameter fixture requires additional ceiling support due to its weight. The included driver must be installed in the canopy or in a remote location. Custom overall heights are available. For quotes, please contact our sales team.
