Precision Bathroom Vanity Light

By Visual Comfort Signature

Description

Inspired by architecture, the Precision Bathroom Vanity Light explores the interplay of light and form. Integrated LEDs emit light through a white glass tube diffuser, providing plenty of soft lighting for a bathroom or powder room. Behind the glass is a perforated metal support that offers chic modern appeal, set on a simple square backplate for an overall polished look. This fixture is TRIAC dimmable.

Shown in antique-burnished brass / white
