Lorino Wall Sconce

By Visual Comfort Signature

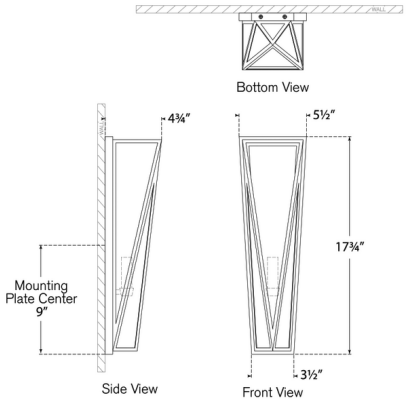

DAMP

Description

The Lorino Wall Sconce is an ode to geometry, designed to resemble the faceted forms of gems. Its metal frame is fitted with clear or white glass panels which offer different lighting effects. This simple yet eye-catching wall light can be used in entryways, kitchens, or as a coordinated pair in bathrooms. Notes: Fixture does not cover a standard US junction box and requires a 2 x 4 inch junction box. Clear glass is only available with the Hand-Rubbed Antique Brass finish.

Shown in bronze / white
