Newcomb Table Lamp

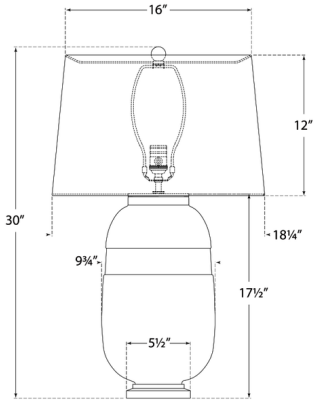

By Visual Comfort Signature

Description

The Newcomb Table Lamp combines a gleaming, gently rounded ceramic body with a tapered linen shade for a versatile aesthetic that works well in many interior settings. The design is accented with a round metal base and finial at the top. The reactive ceramic glaze may vary in color and texture, lending an organic quality to the piece. Place this lamp by your bed or in the living room to add warm ambient lighting.

Shown in mixed blue brown / linen
