Vima Wall Light By Bert Frank

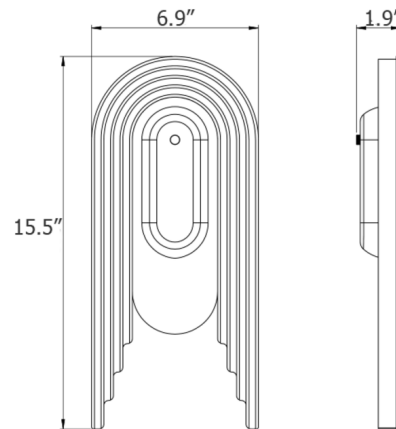

Description

The Vima Wall Light takes inspiration from the strong lines and geometric motifs of Art Deco design to offer a modern take on classic design. The sconce's arched silhouette is crafted from alabaster with a ridged texture for a dramatic look. Vima's light source is housed within a translucent diffuser to produce a soft, diffused glow. Note: UL certification is available upon request for an additional charge. Please contact our sales team for assistance.

Shown in brushed brass / alabaster
