Skew Scraplights Wall Sconce

By Graypants

Description

The Skew Scraplights Wall Sconce is crafted from corrugated, recycled cardboard for a unique texture. The sconce's simple rectangular silhouette allows the cardboard texture to take center stage, and small holes in the corrugation allow light to peek through to provide soft illumination. Skew is the first wall light in the Scraplights series and it provides a natural complement to any Scraplights pendant.

Shown in blonde corrugated cardboard
