Tynell 9209 Table Lamp

By Gubi

Description

The Tynell 9209 Table Lamp was first produced in 1940 by Paavo Tynell, one of Finland's pioneering modernist designers. The 9209 features a brass dome shade with small perforations, allowing most of the light to be directed downward while a small amount of light escapes through the holes to produce an elegant sparkle. The shade is supported by a slim stem wrapped in lacquered rattan, complementing the brass finish with a warm, earthy material. Whether placed on a desk as a task lamp or side table as a reading lamp, the 9209 Table Lamp will provide a stunning mid-century modern complement to any space. On/off switch located on cord.

Shown in polished brass / rattan
