Aspide Table Lamp

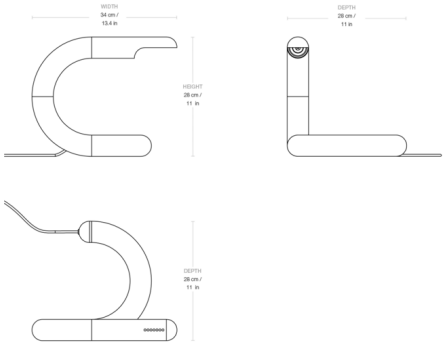

By Gubi

Description

The Aspide Table Lamp offers a unique serpentine shape that reflects the material and aesthetic tastes of the mid-century modern era. Originally designed by Gianfranco Frattini in 1970, Aspide is as practical as it is stylish with a rotating head and neck that can be aimed directly for task lighting or reflected off of a wall for a softer ambient glow. On/off switch on cord.

Shown in chrome
