Landscape Large Bowl

By Jamie Young Company

Description

A traditional craft in the East since ancient times, the distinctly organic characteristics of Papier Mache objects make them an enduring and timeless home decor element. These cotton Mache bowls are a riot of texture and dimensionality. They can be filled; try glass deco balls for refinement, or seed pods to continue the organic motif. With their soft, dusty color palette, these one-of-a-kind artisan crafted pieces are stunning alone or as part of a coordinated display.
