NJP Swing Arm Wall Light

By Louis Poulsen

Description

The NJP Swing Arm Wall Light, designed by Nendo, provides direct glare-free horizontal light while reflecting some of the light through the rear of the head, illuminating the top of the arm. A painted white interior reflects comfortable diffused light. The ergonomic design of the fixture head shapes the light and gives optimal light direction. A simple mechanical system provides great freedom of movement, so the light can always be set in the ideal position. Dimming switch located on fixture head.
