## PH 2/1 Glass Chandelier

By Louis Poulsen

### Description

PH 2/1 Glass Chandelier, designed by Poul Henningsen, is based on the principle of a reflective three-shade system, which directs the majority of the light downwards. The shades are made of hand blown opal three-layer glass, which is glossy on top and sandblasted matte on the underside, giving a soft and diffuse light distribution.

Shown in chrome / white opal
