Ambit Flush DC Ceiling Fan

By Modern Fan Co.

Description

The Ambit Flush DC Ceiling Fan sports a sleek, modern profile with a wide selection of finishes that complement any room style. The three blades are a solid color or surface-printed with a woodgrain pattern. Built with die-cast aluminum housing, wide injection-molded ABS blades and an energy-efficient DC motor, this fan delivers powerful airflow to freshen up your space. The flush mount design is suitable for small bedrooms or other spaces with low ceilings. The fan is available with or without an integrated LED light. The light is cast through an opal glass diffuser, providing soft ambient illumination. Three RF control options are available: Remote Control (RC), Wall Control (WC), or Wall/Remote Combo (CC). The control can turn the motor on/off, adjust between 6 speeds, and set forward and reverse. If the fan has a light, the control also enables light on/off and dimming.

Specifications
